

1-Click to Print No Manual Data-Entry Needed

Auto Enters:
Mfg Lot #
Mfg Exp. Date

Auto Calculates BUD!

1-Click Print™

Auto Enters:
Bottle Qty

**Previous Label Recall
Hazardous Drug Warning
Drug Image
Control Drug Symbol**

The screenshot shows a software interface for printing drug labels. It includes fields for Trade Name (Klonopin), Generic Name (Clonazepam), Strength (0.5 MG TABS (PO)), and Form (TABS (PO)). A '1-Click Print™' button is prominently displayed. A 'Print Package/Label' dialog box is open, showing a quantity of 100 and a printer selection. A 'Label Preview' window shows a sample label with a barcode and various warnings. Red callouts highlight specific features: 'Auto Enters' for Mfg Lot # and Mfg Exp. Date, 'Auto Calculates BUD!' for the Beyond Use Date, 'Auto Enters' for Bottle Qty, and a 'Previous Label Recall' section containing a Hazardous Drug Warning, Drug Image, and Control Drug Symbol.
